

Hitachi Data Systems Academy

Education Services

| Delivery type:

Instructor-Led Training (ILT)

| Duration:

2 days

| Access:

- ✓ HDS Employees
- ✓ Channel Partners
- ✓ Customers
- ✓ External & Guests

| Target audience:

Technical personnel who seek to earn HDS Certified Professional and/or HDS Certified Implementer credentials

| Prerequisites:

While we review exam objectives, we do not teach exam questions and answers. If you are not HDS experienced please do not expect to get certified at this event.

Certification Workshop

HDS Office Frankfurt, Germany
November 04-05, 2008

| Get yourself validated!

It is easy to take the necessary steps toward HDS Certification by attending a cost effective and time saving workshop in Dreieich, Germany.

| Workshop benefits

- An investment of one Training-Unit for each of the one day events will provide participants with a means to receive refresher training on key areas of expertise identified in the HDS Certification Program.
- It is a cost effective way to take a number of exams at a special on-site testing facility.
- A great way to re-certify.
- An even better way to obtain advanced credentials in one concentrated time period.
- One HDS certification exam (176,- € value) is included in each workshop package and additional exams will be offered during the workshop.
- Counselling on training and certification paths based on experience and career objectives.
- Instructors have extensive field experience and are members of the HDS Academy.

| Who should attend

Advantages for the new learner

If you are new to the program, valuable review session of HDS infrastructure and certification counselling will be available throughout the event. A cost effective way to take a number of exams at our on-site testing facility.

Advantages for the experienced professional

Seasoned professionals will have the opportunity to pass a number of certification exams and possibly earn certification.
